HOOKED™

seafood-sushi-market

"Hooked on a seafood experience like no other" was our vision when we conceptualized this exciting and innovative restaurant. HOOKED is a blend of our travels far and wide, which enable us to bring unique seafood preparations from around the world to your palate. The wood interior of our beautiful Beaver Creek location is recycled from our forest to invite you in to our local surroundings; our fresh fish is brought to you from our dedicated fishermen and their families from around the world; and our eclectic group of culinarians create unique meals and one-of-a-kind experiences that will leave you...HOOKED.
